

# Jade, All The Flowers In The Sky

Dove in a tar pool  
Sings celestial breeze  
But it was you  
And I'm smellin shadows

Just I need patience  
Cause I fill with pessimism  
but it was you and I see all the flowers in the sky

Sometimes,  
you dramatize my whiskey  
I've got only two pills □  
For sleeping

Everytime  
The holy words are fadin  
For you for you □  
For you for you!

I've lost my faith in you,  
Cause you have changed  
I've seen you kissin on the moon,  
My dirty shame!
