

Jade, Song In A Minor

Letters of apologies buried in holes
In this democracy, tryin hard to get old

I see youre twistin in mommys desires
Waitin for miracles
Just one way to suicide
Brother believe me
You gotta hold on
This rape conspiracy
Should make you feel good

Let me live
Please let love die for me!

Loveless meaning disasters
For everybody
Who listens to women in madness
And fall in coma

Let me live
Please let love die for me!
