

Jade Valerie, Like A Bird

<Chorus:

Like a bird

Like a bird

Like an island you can't reach

I know I'm stronger than you think

Like a bird or an island you can't reach

I'm an addict and an angel, and I know that I am heaven expelled

Don't need preacher or a teacher telling me about hell

Narcissistic and I'm twisted and I've got secrets to tell

Let me add

I am trapped with a past that has broken me down

And in your eyes I see I've died just like the smile in my heart

In the end, I'll begin like the bright morning star

Chorus:

Like a bird

Like a bird

Like an island you can't reach

I know I'm stronger than you think

Like a bird or an island you can't reach

I'm hungover and I'm colder

from the spaces that your love left behind

I've been drinking to stop thinking about the rage in my mind

Made you taller standing smaller just to fit by your side

You were wrong, I am strong

Don't belong in the box of your thoughts

You don't believe in me, what did you see in me?

I'm a gift that you got

Gonna fly in your sky, be what you think I'm not

Chorus:

Like a bird

Like a bird

Like an island you can't reach

I know I'm stronger than you think

Like a bird or an island you can't reach

You don't believe in me

What did you see in me oh

I hope you're watching me

fighting to change

ooooh,ooooh,ooooh,

oh,oh,oh

ooooh yeah...

Chorus:

Like a bird

Like a bird

Like an island you can't reach

I know I'm stronger than you think

Like a bird or an island you can't reach
