

Jade Valerie, Unbreakable

<Do ya ya
Do do ya
I watch, wait, wish
silently you could feel
finally how long, how deep
I'm waiting for you
I pound, pound and I pound
at you, run run and run
but its too late
you don't see me waiting,
waiting for you you you

Caught in your spell
Do you think you're unstoppable
Caught in your spell
Don't you know who I am
Caught in your spell
Do you think you're unbreakable
Caught in your spell
Don't you know who I am

My pride, pride, pride's in retreat
I fall down in defeat
Hopeless, restless
I keep fighting
Cuz your small world's
not enough
You're still weak of that my love
One day, you'll say that I am stronger than you you

Caught in your spell
Do you think you're unstoppable
Caught in your spell
Don't you know who I am
Caught in your spell
Do you think you're unbreakable
Caught in your spell
Don't you know who I am

Do ya ya,
do ya

Cuz your small world's not enough
You're still weak of that my love
One day, you'll say that I am stronger than you you

Caught in your spell
Do you think you're unstoppable
Caught in your spell
Don't you know who I am
Caught in your spell
Do you think you're unbreakable
Caught in your spell
Don't you know who I am

Not unbreakable
