

# Jadon Lavik, Moving On Faith

Ive been here before waiting in the mystery  
Ive knocked on this door enough times to know  
That youre there for me  
My knees on the floor hoping for some clarity  
Knowing on things for sure his grace  
Has covered me

Lord open the doors cause Im movin on faith  
Show me theres more than what this world is livin for

With what I can give its the least that I can do  
An unshakable hope a life thats pleasing  
To you  
Knowing my prayers are heard my the author of change  
Just the best of intentions if he cares, if he cares, if he cares  
to rearrange

Lord open the doors cause Im movin on faith  
Show me theres more than what this world is livin for  
Lord open the doors cause Im movin on faith  
Show me theres more than what this world is livin for

In these times when I feel alone, I know my heart was made  
For another home

Lord open the doors cause Im movin on faith  
Show me theres more than what this world is livin for  
Lord open the doors cause Im movin on faith  
Show me theres more than what this world is livin for

Lord open the doors cause Im movin on faith  
Show me theres more than what this world is livin for
