

# Jag Panzer, Cardiac Arrest

[lyrics by Harry Conklin]

If you wanna find some action then this is the place to be  
If you want hell you've got it, just ask and you shall receive  
Move aside and let me by, I'm a man who knows what he wants  
Ain't nothing gonna get in my way, it's time you paid the cost

Gonna break ya, shake ya, slide you on your back  
Use all my metal power to give you a heart attack

Look into my eyes and you will see yourself inside  
I've got something for you and it's just too good to hide

Got malice on my mind tonight, pulsing power in my veins  
Heavy metal mayhem soaking in my brains  
Feel the sound around you start to melt your metal heads  
Talking no mercy, baby, we're gonna leave ya dead
