

# Jag Panzer, Harder Than Steel

[lyrics by Harry Conklin]

See the lights flashing bright above  
Electrify the night  
Sweat dripping lords of the metal kind  
Blow you out of sight  
Never listen to a word we say  
You're always breaking the rules  
Eyes are open when you pray  
Mocking the blinded fools, you fool

You put their heads on the grinding wheel  
Give 'em hell 'cause you're harder than steel  
Oh, you're harder than steel, yeah, ya feel  
All for yourself and no one else

You try to look 'em straight in the eye  
A piercing glare of truth  
Holding their minds in a metal grip  
All power is in your youth  
Using age as a weapon they try to bring you down  
A violent social circle but they can't steal your crown

You've had it up to here, ya know  
With all their lies  
No chains are gonna hold you down  
You're breaking all the ties tonight  
It's your life, you're gonna live it  
Can't tell ya what to do  
In one ear and out the other  
That's what they see in you
