

# Jag Panzer, Treachery's Stain

[Broderick / Conklin]

[Banquo]

Me thinks something amiss, my friend MacBeth has done wrong  
Has he committed a crime? to gain his kingdom  
Is the lady part of this scheme? They both sin one in the same  
I must warn all. And bring this carnage to an end

[MacBeth]

Banquo, how can thee betray me?  
Banquo, now I must slay thee

[MacBeth]

My lady, our sins are out in the open  
Our friend suspects that we are to blame

[MacBeth]

I will hire assassins to rid us of him  
No one will know that we are to blame  
Now that Banquo is gone we can enjoy our estate

[MacBeth]

Banquo, how can thee betray me?  
Banquo, now I must slay thee
