I need a drink cuz you're drivin me to drink  
I need a drink cuz you're drivin me to drink

When the remy's in the system, it aint no tellin  
what the other person sayin, there's too much yellin  
even though I know, that aint what i need  
I cant take the naggin and the bitchin and the screamin  
no matter what i do it just aint enough  
you say I dont take you out and buy you stuff  
but you got these thangs, provided by me  
somebody pass me the VSOP

[CHORUS:]

I need a drink cuz you're drivin me to drink  
two shots of attic and i aint even gotta think about  
the way I dont do this  
the way I dont do that  
you might deserve a slap  
but girl I cant go out like that

I need a drink cuz you're drivin me to drink  
two shots of attic and i aint even gotta think about  
the way I dont do this  
the way I dont do that  
you might deserve a slap  
but girl I cant go out like that

Come home from a long day  
instead of havin dinner ready  
all you got is somethin to say  
goin on like i need that  
I'm doin all I can and you can keep that  
said I never met no girl like you  
ungrateful thats the truth  
always got a problem  
wont you tell me what I'm supposed to do  
girl you got some issues  
straighten all that out baby  
or I wont kick it with you

[CHORUS:]

I need a drink cuz you're drivin me to drink  
two shots of attic and i aint even gotta think about  
the way I dont do this  
the way I dont do that  
you might deserve a slap  
but girl I cant go out like that

I need a drink cuz you're drivin me to drink  
two shots of attic and i aint even gotta think about  
the way I dont do this  
the way I dont do that  
you might deserve a slap  
but girl I cant go out like that

[BRIDGE:]

Say you got me on that Hen dog  
cuz I'm tired of askin you whats wrong  
and I'm feeling kinda crazy  
all I want is somethin - from my lady

Say you got me on that Hen dog  
cuz I'm tired of askin you whats wrong  
and I'm feeling kinda crazy  
all I want is somethin - from my lady

[CHORUS:]

I need a drink cuz you're drivin me to drink
