

Jah Cure, Every Song I Sing

[Chorus:]

In every song I sing
I just got to hail my King
HE is the truth ,that lies within
In every song I sing
I just got to hail my King
HE is the truth that lies within

[Verse 1:]

The birds and the bees they cling
Together sweet honey they bring
Jah notice everyting from winter to spring
He made the raindrops fall
He quench earth's thirst for all
How could I deny Jah Rastafari

When them system fail
HE keeps an eye on them
There's no question why
I hail Rastafari

[Chorus]

[Verse 2:]

Around Rastafari Throne
Thats where I wanna build my home
Where there's always love
And nothing to prove
Whether you are tall
Or whether you are small
Jah say equal rights and justice for us all
When them system fail
Jah keep an eye on them
There's no question why
I hail Rastafari

[Chorus]

[Verse 3:]

Jah stay around Rastafari Throne
That's where i wanna build my home
Where there's always love
And nothing to prove
Cause whether you are tall
Cause whether you are small
Jah say equal rights and justice for us all
Cause when them system fail
Jah keep an eye on them
Cause how could i deny Jah Rastafari

[Chorus: fades]
