This time I'll let love be  
I'm sure it's no allaby  
Have I ever told u  
How much I need to hold u ooohh  
In my arms & give u the sweets n harms  
My love will keep u warm  
Everytime u need me  
This chance my love bay baaay  
Girl u r my heartbeat  
I need to tell u no lie  
This time I'll let love be  
I know it's no allaby  
All if I give all of it  
There's no limit to the skies  
Listen to my speech  
And don't u prays it wise  
I need u baby I know u need me 2  
And together and we can make it through  
This love is over due  
Your love is my love n my love is your love  
That's the perfect blend  
Why won't u smile for me?  
Let the sun shine for me  
Girl u r my heartbeat  
I need to tell u no lie  
This time I'll let love be  
I know it's no allaby [x2]  
Have I ever told u  
How much I need to hold u ooohh  
In my arms & give u the sweets n harms  
My love will keep u warm  
Everytime u need me  
This chance my love bay baaay  
Girl u r my heartbeat  
I need to tell u no lie  
This time I'll let love be  
I know it's no allaby  
All if I give all of it  
There's no limit to the skies  
Listen to my speech  
And don't u prays it wise  
I need u baby I know u need me 2  
We can stick together and we'll make it through  
Your love is my love n my love is your love
