

Jah Cure, Situation Get Out Of Control

People a face it
Oh them a feel it, woi
Situation get out of control
Every day another black man head roll
My Jah what is this I'm beholding with my eyes
From the smallest, from 5 to 10 years old
Them saying them a shot alla dem cold
Oh Jah what is this I'm hearing, oh lord
I wanna know the whole truth of this
The root of this, oh why
How long will my people go on like this for no reason?
This is no time, and no season
This is no time, and no season
Tell me you will stand and fight
For our right
People just unite
It will be alright
Jah will give us the might
And shine a light

This thing is getting out of control
Every day another black man head roll
My Jah what is this I'm beholding with my eyes
