

Jah Cure, Zion Await

Mount Zion is my home
Yeah
Zion I await
Us all
I'm an Ethiopian
I hear you call
Zion I await
Us all
Mama Ethiopia
I hear you call
Overstand bingi man
That wrong could never be your home
Times and time, preach and teach
Every name me say loud
Moving on to the land
Of true love and ?
Mount Zion stands alone
From the Western legion

Cause all I've ever known
Is backbiting and killing
I live to see my sisters
Use their bodies for selling
Open up your eyes
And see what's happening
My people be wise
It's time for rebuilding

Zion I Await
Us all
Mama Ethiopia
I hear your call
Zion I Await
Us all
Mama Ethiopia
I hear you call

Say bye bye
Wipe your eye
So long to them system now
Why should I
How could I
Stay around to be a victim?
When mama Africa has everything for I and I
I do want to be
A precious stone in Zion I
Calling all my brothers and sisters
Whenever you are to come
When we get together
We a go pack up the reggae and run

Zion I await
Us all
Mama Ethiopia
I hear you call
Zion I await
Us all now
Mama Ethiopia
I hear you call

No delay,
Right away
To much fun a get slayed
Fire red

Endemic fire burn
So let's all not stay

Cause all I've known
Is backbiting and killing
Live to see my sisters
Use their body for selling
Upon up your eyes
And see what's happening
My people be wise
It's time for rebuilding

Zion I Await
Us all
Mama Ethiopia
I hear you call
Zion I Await
Us all now
