

Jaheim, Forever

[Chorus:]

Forever the love I have for you will last forever
Loving you always
Forever my love for you won't change
Cause loving you is the best thing I can do

[Verse 1:]

Looking back on the times before
You cared
My life has changed
No more sleepless nights or longly days are just a part of my yesterday
For you I've prayed

[Chorus:]

Forever the love I have for you will last forever
Loving you always
Forever my love for you won't change
Girl loving you is the best thing I can do

[Verse 2:]

You have taught me and just showed me how to love again(yes you did)
You are my best friend
So now I'm feeling so secure
Gonna make sure that this love will last forever
We will win, we will win

[Chorus:]

Forever the love I have for you will last forever
Loving you always
Forever my love for you won't change
Cause loving you is the best thing I can do

For love, For love

I'm gonna give you everything you need as long as I breathe forever

For love, For love

Forever yeah
