

Jailbird, Red Sky

Only once you have tasted the earth
Only once you have touched the sky
You shall embrace life without reason,
without pain.

Reach for the altered states of freedom.
Find a place inside your sorrow
and build a castle.

Freedom is not a word
but a state of mind.

The wings that you are looking for
are already there.

Open your eyes
and caress this precious vision
this fire burning off
the sky.
