

# Jakalope, House Of Trepidation

I've tripped to the other side  
I've fell in to wish the other side  
Don't know if you can read my mind  
But I think not,  
I'll throw it  
Oh I think I, I mind  
I don't mean to be so shy  
But I don't know what to do this time  
It could be lost it could be alive  
As you walk away  
I think I'll stay  
Might not be the one for me  
But I'm thinkin' oh so constantly  
Might be right  
You might be wrong  
You're my temptation, you're my perfection  
But you don't understand

(Might not be the one, for me)

Let's try it anyway  
I won't walk away
