Jakalope, Upside down

Find comfort in the unknown Making friends with a foe

Come and get me lets go

Walk down a blinding road Where light makes fast

Go slow

Catch the world sleeping in

Go devour it whole

Every smile

Every confusion

Just go on, go on, go on

Dive into a photobooth

Snap it for Japan, yeah oh

Crawl in to a corner, and creep into

The upside down

I've been breakin baby

Turn me down

I've been shakin lately

Take a little time

Would you mess around my mind

You just trip, trip, trip

And I...

Never seen so much light

As when it hits the midnight

Look strangers in the eye

Until it goes out of style

What do you think you know.

Dive in to a corner, and creep into

The upside down

I've been breakin baby

Turn me down

I've been shakin lately

Take a little time

Would you mess around my mind

You just trip, trip, trip

And I fall

You just trip, trip, trip

And I fall [x2]

Go!

Upside down

I've been breakin baby

Turn me down

I've been shakin lately

Take a little time

Would you mess around my mind

You just trip, trip, trip

Upside down

I've been breakin baby

Turn me down

I've been shakin lately

Take a little time

Would you mess around my mind

You just trip, trip, trip

You just trip, trip, trip

Hey! [x8]

Ichi!

Ni!

San!

Shi!

Upside down

I've been breakin baby

Turn me down

I've been shakin lately [x2]

Upside down

(Ever morning brings old to new)
I've been breakin baby
Upside down
(ever time i want to go)
I've been shaking lately
Turn me down
(Ever morning brings old to new)
I've been breakin baby
Upside Down
(every time i want to go)
I've been shakin lately
