Jakalope, Upside Down (And I Fall)

Find comfort in the unknown Making friends with a foe Come and get me lets go Walk down a blinding road Where light makes fast Go slow

Catch the world sleeping in Go devour it whole Every smile Every confusion Just go on, go on, go on

Dive into a photobooth Snap it for Japan, yeah oh Crawl in to a corner, and creep into

The upside down I've been breakin baby Turn me down I've been shakin lately

Take a little time Would you mess around my mind You just trip, trip, trip And I...

Never seen so much light As when it hits the midnight Look strangers in the eye Until it goes out of style What do you think you know. Dive in to a corner, and creep into

The upside down I've been breakin baby Turn me down I've been shakin lately Take a little time Would you mess around my mind You just trip, trip, trip And I fall

You just trip, trip, trip And I fall And I fall

Go!

Upside down I've been breakin baby Turn me down I've been shakin lately Take a little time Would you mess around my mind You just trip, trip, trip

Upside down
I've been breakin baby
Turn me down
I've been shakin lately
Take a little time
Would you mess around my mind
You just trip, trip, trip

You just trip, trip, trip

Hey!

Hey!

Hey!

Hey!

Hey!

Hey!

Hey!

Hey!

Ichi!

Upside down I've been breakin baby Turn me down I've been shakin' lately I've been shakin' lately

Upside down
(Ever morning brings old to new)
I've been breakin baby
Upside down
(ever time i want to go)
I've been shaking lately
Turn me down
(Ever morning brings old to new)
I've been breakin baby
Upside Down
(every time i want to go)
I've been shakin lately
