

Jakatta, My Vision (Summer In White)

Tonight
Wonderful things are about to happen
All of the your wildest dreams are about to come true
So lay back and relax
Let me give my love to you

I feel like the sun
I feel like the rain
I feel like I've just found reason for living again

'Cause what I've been dreaming
I know that it's real
I know that there's just no changing the way I feel

You go into my head and outta my mind
I feel that it's just the reason to be alive

And I have a secret I think you should know
I feel like I just can't keep it
It's deep within me
And I thought I was out of control

Can you see my vision
Of a red hot summer in white
When love was the feeling

There's no indecision
We were turning that key inside
'Till you get in the moment

Tonight
Wonderful things are going to happen
All of the your wildest dreams are about to come true

We're living a dream
I see it today
I feel like all my fears are fading away

Been waiting so long
For something new
I feel like I cant stop craving for being with you

You're into my head
I'm out of my mind
I feel like I've just found reason for being alive

And I have a secret I think you should know
I feel like I just can't keep it
It's deep within me
And I thought I was outta control

Can you see my vision
Of a red hot summer in white
When love was the feeling

There's no indecision
We were turnin' that key inside
'Till you get in the moment

Can you see my vision
Of a red hot summer in white
When love was the feeling

When love was the feeling

When love was the feeling

When love was the feel-ing

When love was the feeling

When love was the feeling

When love was the feel-ing

feeling-feeling-feeling-feeling [echo to fade]

You're into my head...

I'm out of my mind...

Tonight wonderful things are going to happen,
All of your wildest dreams are about to come true

I have a secret
I think you should know
I feel like I just can't keep it,
It's deep with in me,
And it's deep within me
And it's deep within me
And it's deep within me
And it's deep within me
And it's deep within me
And it's deep within me

And I feel like I'm losing control

Can you see my vision
Of a red hot summer in white
When love was the feeling

There's no indecision
We were turnin' that key inside
'Till you get in the moment

Can you see my vision
Of a red hot summer in white
When love was the feeling

When love was the feeling

When love was the feeling

Oh whatta feeling!
