

# Jake Bugg, Seen It All

One Friday night I took a pill or maybe two  
Down at the car park I saw everyone I knew  
And before the night had started we had planned to crash a party  
Just a place that someone knew a local house belonging to a gangsters crew  
And at the door they shone a light into my face  
Have to admit I felt a little out of place  
But I made my way inside past a thousand crazy eyes  
Then a friend took me aside said everyone here has a knife

I've seen it all  
I've seen it all now  
I swear to god I've seen it all  
Nothing shocks me anymore after tonight

Those little doves had sent my mind and heart a-beating  
To say I felt weird really doesn't need repeating  
I could sense the mounting tension the atmosphere of violence  
And then they took a guy out side and someone stabbed him with a knife

I've seen it all  
I've seen it all now I swear to god  
I've seen it all nothing shocks me anymore after tonight

I've seen it all  
I've seen it all now  
I've seen it all,  
I've seen it all now I swear to god  
I've seen it all nothing shocks me anymore after tonight  
I've seen the light but not the kind I would have liked
