

Jake, Melt Me

VERSE ONE:

You were standing there
And I, I was not aware
Of the sunshine in Your stare
Melting me
Changing me from gray to clear
Never before have I been seen like this

CHORUS:

Sunshine yellow eyes
Deep blue ocean smile
Look into this ice
Melt me

VERSE TWO:

As You turn around
This time, you wash the world in white, oh
You burn the sunlight with Your eyes
Looking into me
And my heart anchored down
In the sea of Your smile

(repeat chorus x2)

Melt me
Yeah---

And my heart anchored down in Your smile

(repeat chorus x2)
