

# Jake, Waiting

## VERSE ONE:

I don't know how to find You  
But I need You now  
You come and go it seems  
So far away  
You hide Your face from me  
Where do You go when I am hungry like a child  
For the eyes of a father smiling down  
I want to know You love me

## CHORUS ONE:

I am waiting for You  
I am waiting here tonight  
I am praying for my eyes to see the light

Oh yeah---

## VERSE TWO:

I don't feel strong enough  
To lift my hands to You  
But I have tasted Your life  
And that's how I know  
I am tired of mine  
It's only You that I am longing for tonight  
Want You to take me from this place  
Want You to lift my hands up high

## CHORUS TWO:

I am waiting for You  
I am waiting here tonight  
I am falling on my knees  
I can't find You  
I am ready for You  
I am ready for Your touch  
I am praying for my eyes to see the light

Oh yeah---
