

# Jam And Spoon, Angel

Angel cant you see the sun shine  
On you today do you feel this way?  
Angel isn't it a fine time  
Love is here today  
Just a kiss away  
Angel can you see the morning  
Darlin you today do you feel this way  
Angel isn't it a bright time  
Love is here to stay just a kiss away  
Angel cant you see the sun shine  
On you today do you feel this way?

Love is just a kiss away  
Love is just a kiss away  
Love is just a kiss away, kiss away, kiss away  
Love is just a kiss away  
Love is just a kiss away  
Love is just a kiss away

Angel cant you see the sun shine  
On you today do you feel this way?  
Angel can you see the morning  
Darlin you today do you feel this way?

Love is just a kiss away  
Love is just a kiss away  
Love is just a kiss away  
Love is just a kiss away  
Love is just a kiss away, kiss away, kiss away  
Love is just a kiss away  
Love is just a kiss away  
Love is just a kiss away  
Love is just a kiss away  
Love is just a kiss
