

# Jamai, Step Right Up (Single Version)

Who am I ?  
to ask from you  
To leave it all behind  
Who am I ?  
Just a selfish guy  
No one you should trust

I've got this feeling.  
I can't shake it.  
I'm tangled in my dreams.  
What if I could have you baby.  
Wicked as it seams.

Step right up, walk right in  
Rock this crazy world I'm living in  
If love ain't foolish nothing is  
I'm dying for your kiss  
Step right up, walk right in  
Walk all over me and set me free  
Come on

It's a shame to let it go  
We both know it's right  
It's a shame and let this be  
Another wasted night

Step right up, walk right in  
Rock this crazy world I'm living in  
If love ain't foolish nothing is  
I'm dying for your kiss  
Step right up, walk right in  
Walk all over me and set me free

Earth shaking, breath taking, love making baby  
Don't tell me, no tell me that, tell me baby  
I'm checking in, checking out  
Baby, I'm your man  
Oooohhh  
Come on

Step right up, walk right in  
Rock this crazy world I'm living in  
Step right up, walk right in  
If love ain't foolish nothing is  
I'm dying for your kiss  
Come on
