

Jamelia, Get Up, Get Out

Mm, yeah-eah, ooo, yeah-eah, uh-oh
You tried so hard to get
Right back inside my head
And I say it was a real success
Coz now your lying here
In my bed
I checked your messages
Believe me everyone does this
Now I'm picking up my heart up off the floor
I aint gonna do this no more

Bridge-
How could you do this to me?
You said you loved me
I'm so much better then this
So you gotta go

Chorus-
Get up, get out
Take your s**t get out of my house
A million apologizes later
You do it again
Get up, get out
Boy, I dare you to turn around
Uh, uh, uh-h, oh
Uh, uh, uh-h, oh
Uh, uh, uh-h, oh

You do it again

My God, what a fool I've been
How could I not have seen that you were a
Lying, cheating, love taker,
stupid, mother f**kin, heart breaker
The first time was bad enough
But I believed you when you said you were done
Now I'm picking up my heart off the floor
I aint gonna do this no more

Bridge-

Chorus-

And so the curtain closes on this fine romance
I can't believe I really gave you a chance
I will not let this become
The story of my life
I'll still have hopes and dreams
With put you by my side

Chorus- X2

Yeah oh
Get up, get out
How could you do it again
