

# Jamelia, Go

You say why don't you change your mind  
Think it over 1 last time  
Like you don't know yourself  
All depend on you  
There are consequences in what you do  
But if you lose  
I won't forgive myself  
Showing that my self-control  
Won't bring back you life  
When your old  
Do something for yourself  
Coz oh-oh If you don't  
You will never know

Chorus-

Go-o, Why would you stay when it does nothing for ya  
Go-o, Watching your pain only makes me surer  
Go-o, Holding you down theres no way I can keep you

I say go ahead and save your life  
Do something for the first time  
It's the least you could do, yeah  
Who cares if they don't take the risk  
Your biggest ones not doing this (doing this)  
I can not live for you  
Infinite responsibilities  
How bout living duty free

Emancipate yourself  
Coz oh-oh If you don't  
You will never know

Chorus-

Heavens sake I can take disappointment  
But I can't understand  
Why you won't leave  
You've been quite  
Awful quite  
No enjoyment  
There comes a point  
When you gotta take what you need  
Don't forget I respect  
What you gave up  
But you lost such alot along the line  
Get it back, get it back, rise up  
Get it back, get it back, Before you gotta go

Chorus-

Go-o, why would you stay, why would you stay  
Go-o, watching your pain only makes me surer  
Go-o, holding you down theres no way  
That I can keep you
