

# Jamelia, I Do

mmmm, ummm, mmmm  
I've been around but never found  
someone that compares to you my friend  
but how can I tell you  
that everytime you cross my mind  
I wish that I could be the one for you  
Its time that you knew  
(But if I showed you)  
how I really feel inside  
(wonder what you'd do)  
would you run away and hide?  
(and if I told you)  
What my heart is telling me  
would you tell me, you feel the same way that I  
I do (I do)  
If you were mine, I'd think you'd find  
that nobody compares to me my friend  
then why can't you see yeah  
I try to show you, but I don't wanna push you  
coz I don't wanna loose you  
(But if I showed you)  
how I really feel inside  
(wonder what you'd do)  
would you run away and hide?  
(and if I told you)  
What my heart is telling me  
would you tell me, you feel the same way that I  
I do (I do)  
(But if I showed you)  
how I really feel inside  
(wonder what you'd do)  
would you run away and hide?  
(and if I told you)  
What my heart is telling me would you tell me, you feel the same way that I  
I do (I do) (you)  
you (know that Im waiting)  
know that Im waiting baby  
Waiting for you to let me know  
All this time that you were wasting yeah  
yeah (all this time that you were wasting)  
It could be, you and me I am all you need baby,  
tell me,  
if you want me,  
coz you want me, like I want you  
I want you, yes I do  
I, I, I, I want it this time  
(But if I showed you)  
Show'd you that I feel you baby  
(wonder what you'd do)  
what would you do? what would you do?  
(and if I told you)  
That I want you, oh ouh I want you  
would you tell me, you feel the same way that I  
I do (I do)  
(But if I showed you)  
Tell me how you feel  
(wonder what you'd do)  
now what would you do? what would you do?  
(and if I told you)  
How Im feeling would you tell me (tell me),  
you feel the same way (oh yeah) that I,  
I do
