

# Jamelia, La La Love

Tie all our memories on a string  
I see them disperse in the wind  
I thought I was so clear back then  
bout how much you meant  
meant everything

What makes three words so hard to say  
what difference does admitting make  
you walked and yet I could not speak  
I wonder why, cause baby I

Chorus:

La la love you now with all my heart  
thats all Ive ever done  
la la love you like I never before  
loved another man  
and I should have said  
instead Im here telling the moon  
I la la love you  
la la la

I know the hurt and anger  
make you play down the way we were  
like youre talking to a stranger  
but it breaks my heart  
it breaks my heart  
Cause by God I swear  
my love went nowhere  
it was always here  
Its just I never told ya  
but I failed to show  
what you should have known, that I

Chorus

By God I swear  
my love went nowhere  
it was always here  
Its just I never told ya  
but I failed to show  
what you should have known, I
