

# James, 72

You're going to murder in the name of God  
What kind of God you dreaming of  
A God of blood not love

So you can get your 72  
Virgins to abuse  
I hope they kick like mules

War

My Gods bigger than your God  
He made the world run out of puff  
More important things to do

Its black  
Its white  
A fight  
An elephant grey  
Theres a universe at stake  
We get in the way

Go left  
Go right  
Straight on  
Just do what they say  
Theres a universe at stake  
We get in the way  
WAR
