If I could carry you I would
If I could live my life, be there for you I would
If I could double
Design, design where I going
If I could [?]

I could give you love
It want be enough
I Can't Be Your Everything
I Can't Be Your Everything
I'll brake your heart
And it will never
I Can't Be Your Everything
I Can't Be Your Everything
And It always be in that way
