

James Arthur, Let Me Love The Lonely (ft. MaRina)

You laugh at all the jokes
Even the one you know
Finally I'm doing that too

Our love In the crowded room
The One strings it's out of tune
Trust me, I feel like, too

Let Me Love the Lonely out of you
Let Me know the pain I'm going through
I thing I save myself, saving you
Let Me Love the Lonely out of you

Lighthouse with outer ...
You smile without your eyes
I know coz I do that too

Your .. was enemies
You think that no one sees
I do, coz I'm like that too

Let Me Love the Lonely out of you
Let Me know the pain I'm going through
I thing I save myself, saving you
Let Me Love the Lonely out of you

We can lie how to find the...
Because world is much to sleep alone

Let Me Love the Lonely out of you
Let Me know the pain I'm going through
I thing I save myself, saving you
Let Me Love the Lonely out of you
