Wherever I go, I'm only as good as my mind
Which is only good if you're mine
Which is only good if you're mine

Wherever I go, I'm only as good as my mind
Which is only good if you're mine
Which is only good if you're mine
Good if you're mine

I hope I'm making sense to you

Where are my wings?
They're loading
They're loading
They're loading

Where are my wings?
They're loading
Still loading
Still loading

Wherever I go, I'm only
Wherever I go, I'm only
Wherever I go, I'm only
Wherever I go

Wherever I go I'm only as good as my mind
Which is only good if you're mine
Which is only good if you're mine
