

James Blunt, 5 Miles

it's a shame
that i nebver seen your face again

we're both strangers
but i am kinda like hoping maybe
that could change

yeah
well
I hope
I don't sound out of place
and maybe you will think
it's crazy

you look amazing
so I'll say it straight

I've got real fast car
whit the keys in
and I'm just 5 miles from a feeling
so when your red lights go turning green
then if you say
you're coming whit me
I'll take you there

I'll take you there
we just 5 miles from a feeling
