

James Fortune & Fiya, I Trust You

(FIYA)

Even though I cant see
And i cant feel your touch
I will trust you lord
How I love you so much
Though my nights may seem long
And I feel so alone
Lord my trust is in you
I surrender to you

So many painful thoughts
Travel through my mind
And I wonder how
I will make it through this time

(FIYA)

But i trust you
Lord its not easy
Sometimes the pain in my life
Makes you seem far away
But ill trust you
I need to know youre here
Through the tears and the pain
Through the heartache and rain

Ill trust you

(James)

Oh God I trust You
Sometimes its so hard because
Everything that I see
Tells me not to believe

(FIYA)

Everything that i see
Tells me not to believe
But ill trust you lord
You have never failed me
My past still controls me
Will this hurt ever leave
i can only trust you
No one else like you do

So many painful thoughts
Travel through my mind
And I wonder how
I will make it through this time

But i trust you
Lord its not easy
Sometimes the pain in my life
Makes you seem far away
But ill trust you
I need to know, youre here
Through the tears and the pain
Through the heartache and rain

Through the tears and the pain
Through the heartache and rain

Through the tears and the pain
Through the heartache and rain

The devils trying to convince you that theres no way you can make it out and

He says youre not going to be able to get out of this situation but,

I wish somebody would make the devil out of a lie right now and lift your hand

And say God I will trust You

I dont know You gone do it

I dont know when You gone show up

But God I know you gone do it

God I know you gone bring me out

Come on if thats you, come on lift your voice

And say I will
