

James Fox, Hold Onto Our Love

Hold on to our love

Baby ive been foolish been layin you down
ive been a little selfish by playin around
but if i lost you id be helpless inside
we gotta hold on to our love tonight

(Chorus)

cus now that if found that someone i believe in
and i feel so complete by your side
its the only time ive ever loved somebody baby in my life
we gotta hold on to our love tonight

I know that youve been hurting, the pains in your eyes
i promise you im changing i feel it inside
i dunno what i will do if it all passes by
we gotta hold on to our love tonight

(Chorus)

Somethings in live we should treasure
when youve found love never let it go
because now ive realised what you mean you meeeeeee

(Chorus X2)

we gotta hold on to our love tonight
