I am ignoring all your late night calls  
I prefer to sleep than feel so small  
I have this feeling I'm about to crumble  
and fall

Are you going to the discotheque?  
Cigarettes, perfume, drink, and sweat  
I prefer a good book  
and you in bed

Hang on (hang on)

Why are we fighting when we should be close  
to our wedding  
which would be better than most  
we should be in our hearts  
not at our throats  
throats

Hang on (hang on)

Be a good friend tonight  
Understand, see it from my side  
Be a good friend tonight  
One day you will see me in a better light

Now I can feel that you are made with me  
is it justified or imaginary?  
Tell me on day how you would like me to be  
Living with you is a dangerous flame  
you sweep me away and then you drive me insane  
Keep your distance  
I'm looking for someone to blame

Be a good friend tonight  
Understand, see it from my side  
Be a good friend tonight  
One day you will see me in a better light  
In a better light
