

James Ingram, Give Me Forever

And I know just how much you're a part of me
I see you and I, together in life
So there's nothing I wouldn't do,
To make you my wife.
Won't you give me forever to show
all of the love I have here for you.
And give me my reason for living
To love you, I love you, I do.
With this ring, I'm bound
And I'll promise I'll never let you down.
To family and friends and the Lord above.
I'll swear I'll be true to you,
And give you my love.
Won't you give me forever to show
all of the love I have here for you.
And give me my reason for living
To love you, I love you, I do.
