

James Ingram, Give Me Forever (I Do)

Looking out, I see
and I know just how much you're a part of me.
I see you and I, together in life
so there's nothing I wouldn't do,
to make you my wife.

(Chorus)

Won't you give me forever to show
all of the love I have here for you.
And if you give me my reason for living
to love you, I love you, I do.

With this ring, I'm bound.
And I'll promise that I'll never let you down.
To family and friends and the Lord above,
I will swear I'll be true to you,
to give you my love.

(Chorus)

Won't you give me forever to show
all of the love I have here for you.
And if you give me my reason for living
to love you, I love you, I do.

Oh baby, I love you, forever and ever I do.

Won't you give me forever to show
all of the love I have here for you.
And if you give me my reason for living
To love you, I love you, I do.

To love you, I love you, I do.

To love you, I love you, I do.
