

James Ingram, Whatever We Imagine

Don't be afraid
I can meet you half way
We cant always know
Where the road ends up
But with some luck
I know we can go
Where-ever we imagine

Why should we wait
Later on maybe too late
Cause where can we run
When you see there's half a chance
That we might really become
Whatever we imagine

And I imagine you and me
Just taking shots at what we see
And if we falter
Take away the dust
And just outlast them all

You ought to see
All your heroes in me
But if we get wise
We can break the walls we make
And you can see in my eyes
Whatever we imagine

And I imagine you and me
Just taking shots at what we see
So let the walls go down
And we can try it again
Cause nobody can stop us now

Dont be afraid
Cause I'll meet you half way
You're not far behind
If we climb this hill
I know there's still a chance we can find
Whatever we imagine in our life

We can make it there baby
Ohhh, Whatever we imagine
Dont you see baby
It's all in our minds
I'll meet you halfway
Whatever we imagine (faded)
