

# James LaBrie, Save Me

I think I have lost my mind  
I need to find an out  
Trippin in my head  
All the time  
At peace inside this holy place  
I wish I could believe  
Still I pray this God  
Comes to me

Gave me reasons  
Gave me ways  
To face another day  
A place where I could  
Just hang out in

Took all that you gave  
Cause I  
Knew your little schemes  
This won't bring me any  
Closer to Him

Wanna change all this  
Help me see not guess

Save me  
Don't let me  
Just fall  
Help me walk back to You

I want all  
You treasure  
It's pleasure  
All that it can do

Won't You change all this  
Ready to confess

Save me  
Don't let me  
Just fall  
Won't You tell me the truth

I've asked  
Myself why  
Guess it's faith  
Giving purpose to You

Save me  
Don't let me fall  
Show me  
The truth that's all
