You are divided for now for now
You are divided for now for now
You are divided

I have a wish
I want to learn
I wish to see
And I want to affirm...
That what I see in reflection day to day
Isn't all I am
Say what you see when you close your eyes and glide
The only shell to circumvent the tide
Shares of himself and tells us what he
Knows, a peice of him will stay...
When the rest of him...
Goes...

For now you are divided
You are divided for now

You are divided for now for now
You are divided

I have a wish
I want to learn
I wish to see
And I want to affirm...
That what is here
Broken record everyday...
Isn't all there is
Say what you see when you close your eyes and glide
The only shell to circumvent the tide
Shares of himself and tells us what he knows
A piece of him will stay...
The piece of him that stays...
Helps me grow.

The piece of you
That makes you you
That piece of you stays (you are divided)

That piece of you
That makes you you
That parts changed

Your only divided (your only divided)
Your only divided
The peice of you
That makes you you
Don't be affraid
