

James Morrison, Undiscovered

I look at you, you bite your tongue
You don't know why or where I'm coming from
But in my head I'm close to you
We're in the rain still searching for the sun

You think that I want to run and hide
That I keep it all locked up inside but I just want you to find me

I'm not lost; not lost, just undiscovered
And when we're alone we are all the same as each other

You see the look that's on my face
You might think I'm out of place
I'm not lost, no, no, just undiscovered

Well the time it takes to know someone
It all can change before you know it's gone
So close your eyes and I feel the way I'm with you now
Believe there's nothing wrong

I'm not running, I'm not hiding
But if you dig a little deeper, you will find me
