

James, Oh My Heart

Adore this life
There is no guarantee
Could end by tomorrow
Adore every fight
An opportunity
To give back what was borrowed
Nothings sacred
Make it shatter
Nothings sacred fall apart

Oh my heart
Oh my heart
Come on break me in two
Oh my heart
Oh my heart
Come on break me in two

Bring on the dreams
Im shaking with relief
Dont miss the darker scenes
These rollercoaster screams
Are breaking my belief
That I should matter

Oh my heart
Oh my heart
Come on break me in two
Oh my heart
Oh my heart
Come on break me in two

I dont own anything
Just this life living me
No control
Refugee
Just this life
Living me
I dont know anything
Just this life loving me
No control
Refugee
Just this life
Living me

Oh my heart
Oh my heart
Come on break
Come on break
COME ON BREAK
