James Oliver, Greatest Story Ever Told

Thank you for this moment I've gotta say how beautiful you are Of all the hopes and dreams I could have prayed for Here you are If I could have one dance forever I would take you by the hand Tonight it's you and I together I'm so glad I'm your man And if I lived a thousand years You know I never could explain The way I lost my heart to you that day but if destiny decided I should look the other way then the world would never know the greatest story ever told and did I tell you that I love you tonight I don't hear the music When I'm looking in your eyes But I feel the rhythm of your body Close to mine It's the way we touch, it soothes me It's the way we'll always be your kiss your pretty smile you know i'd die for oh baby you're all i need And if I lived a thousand years You know I never could explain The way I lost my heart to you that day but if destiny decided I should look the other way then the world would never know the greatest story ever told and did I tell you that I love you just how much i really need you did I tell you that I love you tonight tonight And if I lived a thousand years You know I never could explain The way I lost my heart to you that dav but if destiny decided I should look the other way then the world would never know the greatest story ever told and did I tell you that I love you just how much I really need you did I tell you that I love you tonight
