

James Otto, Ain't Gonna Stop

I got a blonde bombshell in my black Corvette
Burnin down the rubber like a hot cigarette
Aint found nothin that will hold me yet
Feels a little better when Im out on the edge
Like a Tarantino movie runnin through my head
Aint gonna sleep again until Im dead, cause

Chorus:

Im gonna fly just as high as I want to
Im gonna roll like a river anywhere that I choose
Aint nothin gonna slow me down
And I aint gonna stop till I drop

Push it to the limit take it to overload
Keep the party pumpin everywhere that I go
Everybody's rockin when they come to the Otto show
I dont need anybody tellin me what to do
Ive come a long, long way with this bad attitude
Wore a hole through the sole of my alligator boots

Chorus

Theres a mountain in my mind
That I know someday Im gonna climb
So dont tell me, dont tell me not to try, cause

Chorus

Aint nothin gonna slow me down
And I aint gonna stop till I drop
Aint nothin gonna slow me down
And I aint gonna stop till I drop
