

James, Pressure's On

I'm in a deep depression
Face of self-control
Shown to the world of confident
Pray your fears won't show
Cry
Break your first impressions
Recreate your will
Love's at the heart of everything
Let love be your goal
Cry
My whole world
Breaking down
The pressure's on
The pressures' on
This whole way's
Falling down
The pressure's on
The pressure's on
The pressure's on
Cry
Cry
