Bridge ~ Cigarette boys Like Evelyn Waugh No smoke no fire No good no more

Chorus ~
No secrets
On the streets of shame
No worries
It's the same old game
Give me a little love
Give me your name
No secrets
On the streets of shame

Thinking you're a wild man
With your uncombed hair
You float on magic cushions
Like you don't care
Said the monkey to the walrus
Have you dug the spill
A real diamond earring
That you bought on Sugar Hill

Bridge

Gonna climb a little mountain Gonna scoot the ridge Clamber up Kosciusko Gonna cross that bridge
