

James Reyne, Take A Giant Step

It's everywhere
Outside your window
Just beware
Just you chill
Truth laid bare
If this don't get you
Next thing will

The rag and bone man
He's trying to scare you
Drag you down
Feeling fine
Don't you frown
Waiting at the end of the end of the line

Chorus ~
The man who waits under your bed
Meet me tonight he said
Take a giant step now
Take a giant step now

Dust on the Bible
The man who waits behind your door
You can't feel
You can't score
Breathing on his face to make him real

Chorus x 2

Under under your bed
Under under your bed

Chorus x 2

The man who waits under your bed
The man who waits under your bed
Take a giant step now
Take a giant step now
