

# James Taylor, Romancia

There she was a vision of beauty  
Dark as the midnight sky  
When she turned and looked at me  
I was frozen by the look in her eyes  
It was love at first sight  
So we dance thru the night  
I'll never be the same  
Was it too good to be true  
Loving me loving you  
Or just another beautiful name  
A beautiful name  
Romancia, Romancia, oh  
Romancia, Romancia, oh  
Day and night, my heart's on fire  
Longing for you  
I remember so well,  
Like boy meeting girl  
On a secret rendezvous  
It was a love at first sight  
As we dance thru the night  
And I'll never be the same  
Cause when the walls were closing in  
You were there like a friend  
Whenever I called your name  
I called your name  
Romancia, Romancia, oh  
Romancia, Romancia, oh  
Romancia, you are my love  
Romancia, girl of my dream  
Romancia, you light up my life  
Romancia, you are my world  
Romancia-this summer I'll never forget  
Romancia-I found love & happiness  
Romancia-write her name in the book of love  
Oh Romancia  
Romancia-this summer I'll never forget  
(I'll never forget)  
Romancia-I found love and happiness  
(first time we met)  
Romancia-write her name in the book of love  
(girl of my dream)  
I never will forget Romancia
