

# James, Upside

Send seasonal greetings from nowhere  
Im working and playing away  
Remember the moment of leaving  
Yesterday, yesterday

Roll through these towns  
Over seas, over mountains  
Lucky to work  
When work is scarce  
Father must feed  
Must provide  
He must fountain  
Left my heart within your care

Upside: love you  
Downside: miss you  
Im here you are there.  
Upside: working  
Downside: hurting  
Hear my echo  
Dancing bear

Connected to you by a mobile  
What I cant do, I can say  
Away from you Im feeling empty  
I am raining, I am grey

Upside: love you  
Downside: miss you  
Im here you are there.  
Upside: working  
Downside: hurting  
Hear my echo  
Dancing bear

My works about words  
And sounds you can taste  
Violins and trumpets  
Chocolate cakes  
Here are some words  
Words you can taste  
Here are some words  
Kissing your face

Upside: love you  
Downside: miss you  
Im here you are there.  
Upside: working  
Downside: hurting  
Hear my echo  
Dancing bear
